EPA DWR mtg Action Items summary Revised 032315.docx

Stephanie – At our last meeting you asked me to send the most current version of the Action Items list. I’ve attached the most current version I have. I believe it includes all the comments you’ve made. I know we discussed a couple edits at our last meeting, but I haven’t had the time to go in and make those changes. Let me know if you have any questions.

Thanks, Cassandra
